

# ONE VIRGINIA 2021

## VIRGINIANS FOR FAIR REDISTRICTING

### End Gerrymandering In Virginia!

Virginia will redistrict again in 2021 and we want to do it better. Our goal is to pass a state constitutional amendment to permanently end gerrymandering. Filling out the form below will send an email to the Governor, the Lieutenant Governor, your state senator and delegate, on your behalf, telling them you support redistricting reform. The message will tell them you believe the following:

**Voting districts belong to Virginians, not politicians or parties. Virginia's redistricting process should:**

- Be transparent to all
- Explicitly prohibit gerrymandering and keep communities together
- Create an independent commission to draw the districts, which are currently drawn by legislators
